HEADING 1 Wellcome to The Sahara

If a flower can flourish in the desert, you can flourish anywhere.

- Matshona Dhliwayo

In this portal, you will find interesting information about everything related to the vast region of the Sahara desert; from the people who inhabit the area, and its most rare fauna and flora, till the traditional dishes one may find among the countries that conform the indomitable desert.

As inhospitable as it is, the Sahara desert also has its way through. Recent politics are trying to revert the desertification of this beautiful yet harsh part of the planet. In this portal, you will find interesting articles and posts that verse on the matter.
